Dear Mr. Scriber:

Subject: No Air Quality Conformity Determination Required

The Kentucky Division Office of the Federal Highway Administration (FHWA) in consultation with the Indiana Division Office of the Federal Highway Administration reviewed the following documents

**Amendment 9 to the 2006-2008 Transportation Improvement Program (TIP)
for the Louisville Area Metropolitan Planning Organization
(MPO resolution approval date of March 22, 2007)**

and found that these amendments included only exempt projects. These amendments will not change the regional emissions analysis that was used to support the most recent conformity determination made on January 5, 2007. **Therefore a new air quality conformity determination is not required** under the Transportation Conformity Rule (62 FR 43779, 8/15/1997).

If you have any questions, please contact me at (502) 223-6729.

Sincerely,

Bernadette S. Dupont
